Notice:

Announcement of the Learning Entrepreneurial Experience(LEE)-Internship Programme under the Rupantar Project

The Directorate of Research and Extension (DoREX) invites applications from eligible B.Sc. Agriculture 8th-semester students of Agriculture and Forestry University (AFU) for LEE-internship opportunity under the Rupantar Project.

A total of three students will be selected to carry out their internship, one at each of the following locations and thematic pathways under the Rupantar project.

1. Jiban Bikas Samaj (JBS)- Biratnagar, Morang — Zero-Tillage Maize
2. Nepal Multipurpose Cooperative(NMC)- Duwagadhi, Jhapa — Multi-layer Farming
3. Sagun Agricultural Cooperative- Itahari, Sunsari — Improved Dairy Farming

Selected interns will:

- Work directly under field and research supervision from DoREX/AFU and CIMMYT Nepal.
- Receive close mentorship, monitoring, and technical guidance.
- Gain exposure to an international research environment and opportunities to present their learnings during annual meetings with project teams from Nepal, India, Bangladesh, and Australia.

Financial Support

Each selected intern will receive: NPR 20,000 per month for 5 months

Eligibility Criteria

- Students from all campuses of AFU are eligible to apply.
- Must be an 8th semester B.Sc. Agriculture student.
- Must be interested and willing to work in one of the project themes/locations mentioned above.

Required Documents

Applicants must fill the google form <https://forms.gle/6XeVcDLZthBrRpJbA> and upload a single file in the form including **Curriculum Vitae (CV)**, **Academic Marksheets** (until 5th semesters) and a **Cover letter** explaining why are you motivated to apply for this position. **Submission must be done before 10th of December.**

About the Rupantar Project:

Rupantar Project [*Transforming Smallholder Food Systems in the Eastern Gangetic Plain*] is financially supported by Australian Centre for International Agricultural Research (ACIAR), led by the University of Adelaide, Australia. The International Maize and Wheat Improvement Center (CIMMYT) monitors the project in Nepal, Bangladesh and India. The DoREX/AFU is a key partner and supports project implementation in the Koshi Province of Nepal through student engagement and research. In Nepal, Rupantar Project works in three thematic pathways- Zero tillage maize, Improved dairy farming and Multilayer farming in Morang, Sunsari and Jhapa district respectively.
